*Dear Ms Holt,*

I am writing a quick note to thank you for organising the very professional, extremely enjoyable Surf Survival Program that took place with 'Surfcoach' on 27 October 2009.

A large number of my Junior Commanders participated in the Program and they were all suitably challenged, both physically and mentally throughout the day. It is my opinion that due to the modern tempo of operational deployments, soldiers should participate in a wide range of training opportunities to further develop their leadership skills. The program that you organised including amongst other activities, the Wade Race, Surf Race and Beach flags competitions, culminating with the Ironman Relay met my intent perfectly.

The Activity proved so successful that I can see it becoming a permanent highlight on my Regiment Training Planner. Thank you again and may I wish you and your staff all the very best of luck and success for the future.

*Yours Faithfully*

*[Signature]* Admin Comd.
